

PROJECT ALPHA

Alpha Phi Alpha Fraternity, Inc. and the March of Dimes Birth Defects Foundation began collaboratively implementing Project Alpha in 1980. This collaborative project is designed to provide education, motivation and skill-building on issues of responsibility, relationships, teen pregnancy and sexually transmitted diseases for young males ages 12-18 years. Designed to provide young men with current and accurate information about teen pregnancy prevention, Project Alpha consists of a series of workshops and informational sessions conducted by Alpha Phi Alpha Fraternity brothers.

The three goals of Project Alpha programs are:

- Sharing Knowledge by combating ignorance and fear with factual information.
- Changing Attitudes by providing motivation toward positive changes in sexual behavior.
- Providing Skills by creating a sense of empowerment and self-esteem.

Project Alpha week, which started in 2000, targets the second week of October every year. Alpha Phi Alpha Fraternity, Inc. chapters all across the country execute the program with their local March of Dimes to implement Project Alpha programs.

Consent Form

Dear Parents/Guardians:

Project Alpha is a workshop conducted by Alpha Phi Alpha Fraternity, Inc. The workshop provides an environment where young males receive constructive information from adult males about sexuality, manhood and relationship issues. Participants also learn problem-solving skills and have an opportunity to share their own experiences and ask questions in an all-male setting.

The Brothers of Alpha Phi Alpha will provide participants information on HIV/AIDS, other sexually-transmitted diseases, teen pregnancy, abstinence/virginity and condom use. Due to the sensitive nature of the workshop content, all participants will need the consent of a parent or guardian in order to attend.

No one will be admitted to the workshop without a signed consent form.

My signature below grants permission for my son to attend the Project Alpha Workshop, which is sponsored by Alpha Phi Alpha Fraternity, Inc. and the March of Dimes. I fully understand that during the workshop, participants will be exposed to, and may discuss, information and issues related to sexuality and relationships, HIV/AIDS, and other sexually-transmitted diseases, teen pregnancy, abstinence/virginity and condom use.
